

Somali Government and Enterprise Intelligent Power Distribution Cabinet Manufacturer

Overview

National Electrical Engineering Company (NEEC), founded in 2016, is a premier multidisciplinary engineering and consulting firm providing sustainable and reliable energy solutions across Somaliland and Somalia. From homes to factories, TEC delivers tailored power solutions — combining engineering excellence with modern digital services. From a single-room rental to a multi-storey family home, TEC delivers reliable 24/7 electricity with modern prepaid and postpaid metering, transparent billing, certified. BECO is a Somalia based energy company that owns and operates most of the electricity transmission and distribution systems In South Central Somalia. NEEC leverages advanced technical expertise, local knowledge, and rigorous research to. Telesom Electric Company (TEC) is the electricity distribution arm of the Telesom group, founded in 2014. From our Hargeisa headquarters we operate a nationwide network of substations, distribution lines, and smart-grid technology — serving residential, commercial, public, and industrial customers.
