

Supply of Aluminum-Magnesium Alloy Cable Trays

Article Overview

Aluminum-magnesium alloy cable trays are available from multiple suppliers, offering lightweight, corrosion-resistant, and industrial-grade solutions suitable for indoor, outdoor, and coastal installations.

Key Features of Aluminum-Magnesium Alloy Cable Trays

Aluminum-magnesium alloy trays combine lightweight construction with high strength, making them easier to install than steel trays while reducing structural load requirements . They offer superior corrosion resistance, often enhanced with anodized or ZAM (Zinc-Aluminum-Magnesium) coatings, which is ideal for harsh environments such as coastal areas, chemical plants, or industrial facilities . Additionally, these trays provide excellent thermal management and electromagnetic shielding, helping maintain safe cable temperatures and performance .

Suppliers and Options

- Alibaba offers a wide range of aluminum cable trays suitable for industrial and commercial use, with CE certification and options for indoor and outdoor installations .
- McMaster-Carr provides over 850 cable tray products, including aluminum options, with same-day or next-day delivery for many items .
- MP Husky specializes in aluminum cable tray systems that are CSA certified, UL listed, and NEMA compliant, emphasizing ease of installation and durability .
