

Supply of optical cable pulling machine price

Article Overview

Optical cable pulling machines typically range from \$1,000 to over \$15,000 depending on type, capacity, and features.

Price Range by Machine Type

- **Small Manual or Portable Machines:** Compact, lightweight units designed for mobility and small-scale installations can cost around \$1,000 to \$3,000. These are ideal for remote or low-volume projects where electricity is unavailable .
- **Electric Motor-Powered Machines:** Standard electric cable pullers with adjustable speed and tension control generally range from \$3,000 to \$8,000, depending on pulling capacity and motor type .
- **Hydraulic or Heavy-Duty Machines:** High-capacity hydraulic pullers for demanding applications, capable of pulling large fiber optic or armored cables, can cost \$10,000 to \$15,000 or more .
- **Crawler or Tractor-Type Machines:** Specialized crawler fiber optic tractors, often used for long-distance or underground installations, are priced between \$2,500 and \$6,000 on platforms like AliExpress .

Factors Affecting Price

- **Pulling Capacity:** Machines with higher load capacity (200kg-15,000kg) are more expensive .
- **Power Source:** Manual, electric, or hydraulic systems influence cost; hydraulic systems are generally pricier due to smooth and controlled pulling force .
