

Warranty for 4-core Fiber Reinforcement Pad

Article Overview

The 4-core Fiber Reinforcement Pad is typically covered by a limited warranty against manufacturing defects, with remedies including replacement or refund, subject to the manufacturer's terms.

Coverage and Scope

Fiber-reinforced products, including 4-core pads, are generally warranted to be free from manufacturing defects and to meet the technical specifications provided by the manufacturer, provided they are used according to the recommended guidelines and within the product's shelf life (SRS warranty example) . This warranty does not cover improper installation, misuse, or damage caused by external factors such as environmental exposure beyond design limits or chemical attack outside the product's resistance range .

Remedies and Limitations

The exclusive remedies under such warranties typically include:

- Replacement of the defective product in the quantity that fails to meet specifications
- Refund of the original purchase price for the defective product, at the manufacturer's discretion
