

# Which manufacturer makes the best cable mesh trays

## Article Overview

Legrand, Code Electric Products, and Chatsworth Products are widely recognized for producing high-quality mesh cable trays.

### Top Manufacturers

**Legrand (Cablofil brand):** Legrand is a global leader in electrical and digital building infrastructures, offering Cablofil wire mesh cable trays known for durability, ease of installation, and extensive global use, including heavy-duty industrial and data center applications. Their products comply with international standards such as EN 61537 and ISO 9001, ensuring safety and performance.

**Code Electric Products Ltd:** Ranked among the top wire mesh tray manufacturers, Code Electric Products provides robust steel and reinforced plastic trays suitable for industrial and commercial environments. They are known for high-quality materials and reliable structural integrity.

**Chatsworth Products (CPI):** CPI specializes in cable management solutions for data centers and industrial facilities. Their mesh trays are designed for efficient airflow, load-bearing capacity, and long-term durability, making them a preferred choice for critical infrastructure.

**Atkore International:** This manufacturer offers a wide range of cable trays, including stainless steel and fiberglass options, with extended warranties and customization capabilities. They are recognized for quality and compliance with industry standards.

### Key Factors to Consider

- **Material Quality:** Look for welded steel or reinforced materials that resist corrosion and support heavy loads.
