

Zimbabwe Explosion-proof and Corrosion-resistant Power Distribution Box

Overview

This unit is ATEX & IECEx certified, supporting global safety standards for explosive gas and dust atmospheres. Available in 24V, 110V, and 220V configurations, it features IP66 protection, optional SY braided or rubber cables, and custom cable lengths (5 to 100 meters). The robust design of our explosion-proof electrical equipment is engineered to. An explosion-proof distribution box is a rugged enclosure for hazardous areas, safely delivering power while preventing sparks or heat from igniting flammable surroundings. Devices with additional measures to ensure effective protection against the generation of excessive temperatures, the occurrence of arcs and electric sparks, under normal operating. ● IECEx international certification and ATEX Europe certification. ● Black handle is standard version, Red/Yellow handle is emergency version.
